Catering support

It is often asked what makes a good business event. For us it is about good organisation, good location and good food. We believe good food can often set the tone for the day and contributes to how an event runs.

At The Barns we work closely with Impressions Caterers to offer menus to suit all events, dietary requirements and budgets. So if you are looking for an inspiring buffet, a traditional sit down meal or even an informal BBQ, our catering team can provide you with what you need.

We can also provide refreshments throughout the day such as tea, coffee and biscuits as well as breakfast rolls, croissants or cakes if requested. Any specific requirements can be discussed with Stuart Jones, Head Chef of Impressions Caterers on 07794 053552.

SERVICES

A Business Gem

Our Barns make a fantastic setting for your corporate event. The Grade II listed farm complex, sitting in 13 acres of land, from English styled gardens to dense wooded areas, is built in the 'Hanoverian' tradition of a central courtyard and buildings around it. It is a rare and unique example of a model farm that dates back to 1776.

This former working farm has been sympathetically converted to modern use while still retaining its rustic charm. With stunning views over South Northamptonshire you can easily believe you are in the country yet we are only two miles from M1 Junction 15. Truly a hidden gem.

The Barns are owned by a charity, Northamptonshire ACRE, that works with rural communities across the county. It's a nice thought that when you book with us, you are helping the charity to support local communities.

Our Rooms

We can offer a choice of two Barns to suit your needs.

Our lovely High Barn, which still retains its exposed wooden beams, stonework and wooden floors, can hold up to 90 people theatre style.

The recently renovated Low Barn is ideal for smaller, more intimate meetings and is the perfect venue for your next company training session, providing room for up to 40 delegates theatre style.

Whatever the occasion, be it a product launch, annual conference, team building day or training event, The Barns at Hunsbury Hill can cater for all your requirements.

Our Facilities

We offer free wi-fi in both Barns in addition to projector screens, which you can use with your own equipment or if you prefer you can hire the following from us:

- Flipcharts
- Projector
- Laptop

There is an on site bar that can be provided for a charge of £50 inclusive of VAT should you wish.

Both Barns are accessible for delegates who may have mobility impairment.

There is also free on site parking for up to 50 cars.
